### Summary:

It has been a pleasure and a privilege to serve as a member of the board of the Danish Chamber of Commerce in China for the past years, both in the north chapter, and as treasurer of the all China board. I have enjoyed my time working alongside my fellow board members to help promote and enhance the relationship between Denmark and China.

As a business professional, I can relate to the unique challenges and/or opportunities that companies and individuals face when doing business in China. I am committed to continuing to use my knowledge and experience to contribute to the success of the chamber and its members.

I believe that the Danish Chamber of Commerce in China has made great strides in recent years especially with the unification of the three chapters, however, there is still much work to be done to strengthen and expand our network, and I am eager to continue my work on the board to help achieve these goals.

In closing, I would like to express my gratitude for the opportunity to serve as a member of the board of the Danish Chamber of Commerce in China. I look forward to working with all of you in the coming year to further advance our shared vision.
