

## **The Belt and Road & China – CEEC Workshop for Cancer Standardized Diagnosis and Treatment & Cancer Prevention and Control**

To further promote scientific and technological cooperation in cancer between China and The Belt and Road & Central and Eastern European Countries (CEEC), National Cancer Center of China (NCC), with the support from National Health Commission (NHC) of the People's Republic of China, is going to hold a **Workshop for Cancer Standardized Diagnosis and Treatment & Cancer Prevention and Control on June 16-19, 2021**. All the scientists, doctors and scholars from Central and Eastern European Countries working in various fields of cancer are welcome to participate.

### **THE GOAL OF THE WORKSHOP**

- To contribute to decrease the cancer burden by capacity building of cancer standardized diagnosis and treatment, and to cultivate the leadership of scientific and technological talents in the field of cancer prevention and control in Central and Eastern European countries.

### **TARGET PARTICIPANTS**

- Doctors or researchers engaged in cancer diagnosis and treatment & prevention and control in scientific research institutions or hospitals in Central and Eastern European Countries, including Albania, Bosnia and Herzegovina, Croatia, Czech, Hungary, Latvia, Montenegro, North Macedonia, Poland, Serbia, Slovakia, Slovenia, Bulgaria, Estonia, Greece, Lithuania, Romania;
- Related working experience (at least 2 years)
- A good communication in English or Chinese are required.

*Note: Preference will be given to candidates who focus on cancers of lung, breast, colorectum, and prostate in China and Central and Eastern European countries.*

### **WORKSHOP FORMAT**

- The workshop will be held on June 16-19, 2021, where all participants and speakers will meet online during four days (**Appendix I - Preliminary Agenda**). A Kick-off Webinar will be held on June 1st afternoon, which includes the opening remarks from China NHC, NCC and other invited officials. On June 16-19, 2021, participants will take the online modules for workshop on cancer standardized diagnosis and treatment & prevention and control,

focusing on lung cancer, breast cancer, colorectal cancer, and prostate cancer respectively.

- Access to the online workshop will be granted upon confirmation of admission. The invitation to the virtual conference will be sent in one week after the deadline of application (May 28, 2021).
- Participants are expected to be present and active throughout the full duration of the workshop. The online time will be automatically calculated for each participant. When the workshop is completed, each participant will receive a certificate issued by China NCC once they submit the **evaluation form** as requested.
- The workshop will be conducted in English, or with the simultaneous interpretation from Chinese to English, for the whole process.

#### **FACULTY**

Presenters are from National Cancer Center of China and some National Institutions from The Belt and Road Countries or CEEC. If needed, some senior clinicians or scientists from other related hospitals or Institutions in China will also be invited for experience sharing.

#### **FUNDING**

The registration fee, workshop materials, access to the online space and costs of participation for the workshop will be covered by China NCC.

#### **APPLICATION PROCESS**

The application for the workshop opens from now to **May 28, 2021**. Candidates can send the application form (Appendix II) to China NCC by email (china\_cee@126.com).

*Note: The selection result will be informed in 1 week, since the application is confirmed to be well received by China NCC.*

#### **CONTACT INFORMATION:**

Please contact with the National Cancer Center of China, if any help needed.
